TOOBA ATTARIA

Full Stack & AI Automation Engineer

+92 3041915415| toobaattaria26@gmail.com | GitHub | Website | Linkedin

SUMMARY

Full Stack & AI Automation Engineer with expertise in AI-powered application development, LLM integration, API development, and intelligent automation. Proficient in React, Next.js, React Native, Python (FastAPI), Supabase, and Appwrite, focused on building scalable, secure, and high-performance web and mobile applications.

PROJECTS

- **Ludo Game** Visit Project
  Tech Used: HTML, CSS, JavaScript
  What I Learned: I learned to build an interactive Ludo board, implement game rules using JavaScript, and manage multiple players with smooth turn-based logic.
- **Simon Game** Visit Project
  Tech Used: HTML, CSS, JavaScript
  What I Learned: I learned to build an interactive Simon Game, implement color and sound sequences, manage user input, and apply game logic for matching patterns.
- **Text Preprocessing Tool** Visit Project
  Tech Used: HTML, CSS, React.js
  What I Learned: I learned to clean and process text data, remove stop words, tokenize sentences, and prepare inputs for further analysis or machine learning.
- **Expense Tracker** Visit Project
  Tech Used: React.js, Python, Supabase
  What I Learned: I learned to build a responsive expense tracker using React, manage user input, and display real-time balance and transaction history.
- **Event management system** Visit Project
  Tech Used: Tailwind CSS, React.js, Firebase
  What I Learned: I learned to build a responsive expense tracker using React, manage user input, and display real-time balance and transaction history.
- **AI_Chatbot** Visit Project
  Tech Used: Next.js, Tailwind CSS, Python (FastAPI), PostgreSQL, Google Gemini API
  What I Learned: Built a full-stack AI chatbot using Next.js, FastAPI, Supabase, and Google Gemini API. Gained experience in API integration, authentication, chat history management, and responsive UI development.

EDUCATION

Bachelor of Software Engineering
The University of Faisalabad, West Canal Road

- Relevant Coursework: Web Development
- GPA: 3.74

WORK EXPERIENCE

02 April To 02 July 2026

Intern – Brooklyn Textiles International Pvt Ltd

- Assisted in developing and maintaining software solutions for internal business operations.
- Participated in debugging, testing, and improving application performance.
- Worked with databases to manage and retrieve application data.
- Gained practical experience working in a professional software development environment.

ADDITIONAL INFORMATION

Frontend: HTML, CSS, Bootstrap, Tailwind, JavaScript, React.js, Next.js, React Native
Backend: Python (FastAPI), Supabase, Appwrite, Firebase
Database: PostgreSQL (Supabase), Appwrite
Responsive UI Design: Web & Mobile
Other Tools: Git/GitHub, Figma

- **Languages:** English
- **Certifications:**
  - Web and Mobile App Development – SMIT
  - JavaScript Essentials – Cisco Networking Academy
  - Computer Applications – TEVTA
  - Python(Stanford University: Code In Place)
